STRIKERS IN CONTROL

Warlike Demonstrations in the Vicinity of Sacramento.

VICTORY OVER THE MILITIA.

State Troops Refuse to Fight and This Encourages the Strikers to Such an Extent That They Are Arming Themselves and Are Moro Determined Than Ever-Ali Quiet at Chicago.

SACRAMENTO, July 5.—Thronghout the day the most intense excitement prevailed here. The colebration of the national holiday was completely overshadowed by the stirring events arising from the desperate struggle between the Southern Pacific and the American Railway union. At 10 o'clock in the morning two regiments of state militia from San Francisco and two companies from Stockton, marched into this city. They had abandoned their train two miles out of the city. The troops marched direct to the armory, around which the local militia companies had established a

strong guard. Soon after the troops had breakfasted the city became wildly excited over a report that soveral men had been shot. Many of the strikers were wild with rage. It transpired, however, the shooting was accidental. A bungling militiaman from San Francisco dropped his rifle, which was discharged. The bullet passed through the leg of one of the militiaman's comrades and struck a city fireman named Wing in the abdomen, fatally wounding him. Only a few minutes afterward, when all the troops had been drawn up and were executing an order to load, another youth acci-dentally discharged his musket and tore a sleevo from the uniform of a com-

At 1 o'clock the troops moved toward the depot, where a large number of police, deputy sheriffs and deputies, under United States Marshal Baldwin, were already on guard. The strikers and sympathizers to the number of several thousand had preceded the troops. The appearance of a military surgeon with his instruments and a bundle of bandages had not helped to improve the temper of the strikers. When the soldiers arrived they were greeted with de-risive yells and harsh comments. One body of troops passed into the railroad yards and took up their position along the main line. The rest of the soldiers were massed outside the depot.

It became known that General Super-intendent Fillmore had announced his intention to start trains under military protection. The strikers at once became demonstrative. Chairman Frank Knox, strikers loudly declared no Pullmans should be moved. Finally three companies of militia were ordered to drive the strikers from the depot. The scone was at once tumultnous and the situation threatening. For a few moments the soldiers hositated, then they wavered and then came a blunt refusal to move against the excited strikers. A few minutes later all the troops turned their backs upon the turbulent mob at the depot and quietly withdrow to the armory.

A deafening shout announced the second victory of the strikers over the railroad company and their first victory over the state militia.

Soon after this it became known why the militia had retreated. United States Marshal Baldwin and the railroad officials had insisted that the troops refrain from smooting and that they remove the strikers by physical strength. This plan the officers of the militia absolutely refused to sanction.

When the troops had withdrawn to their armory and the jubilant strikers and their sympathizers were loudly celebrating their victory a new source of danger became apparent. A body of 50 strikers appeared on the scene armed with rifles and ammunition. It was learned that the Garibaldi guard had turned the contents of its arsenal over

to the strikers. The authorities and railroad people became still further alarmed whon advised of the warlike preparations of the strikers at various points north of here on the Oregon branch. At Dunsmuir shortly after noon a body of 75 strikers fully armed and equipped for battle marched to the South Pacific depot where other American Railway union men had a ear and locomotive in waiting, and soon the body of excited men were speeding toward Sacramento. A United States marshals' car was coupled behind the coach in which the strikers

were riding.
At Red Bluff a demonstration which also portends trouble was made by the strikers. The American Railway union men there received orders early in the day to come to Sacramento and at onco began rustling about the town for arms. Finally 100 rifles and plenty of aminunition was secured and placed in a caboose at the depot. When the trains from Dunsir uir arrived at Red Bluff the rolling arsenal and another band of strikers was taken aboard. At 8:30 the train stopped at Redding long enough for the strikers to purchase all the available ammunition. Soon they were speeding on again toward Sacramento.

The addition of these excited and desperate men from the mountain regions of the north to the riotously-inclined strikers already here portends grave consequences and the whole populace is not unreasonably anxious.

QUIET IN CHICAGO.

An Occasional Flurry, but No Serious Outbreak Takes Place.

CHICAGO, July 5.—Taken in its entire-

ty yesteraay was a quiet one in strike circles, barring an occasional flurry circles, barring an occasional flurry caused by the gathering of mobs in the stockyard district, which, however, were held in check by police and doputies, backed up by the near proximity of a detachment of regulars from Fort Sheridan for whom the strikers have a wholesome respect. Trains are onco more moving at Blue Island, the turbulent element having suddenly simmered down when confronted by certain wicked pieces of ordnance and glittering bayonets. ing bayonets.
The Chicago and Northwestern has

resumed its passenger service, which is now moving regularly and without in-

A special grand jury will, it is stated, be called together soon for the purpose of indicting President Debs and other leaders of the American Railway union, charging them with conspiracy to impede railway traffic, contempt of the federal court's injunction and inoitement to mob violence and riot.

After the troops disembarked at the stockyards the strikers vented their spleen by ditching the two rear coaches of the troop train and disabled the engine by shoving coupling pins into the cross-head guides, being careful, however, to wait until the regulars had got

a safe distance away.

The Illinois Central announces that The Illinois Central announces that conditions on their lines are more favorable and the suburban passenger service will soon be resumed. The Santa Fe and the Alton service is still seriously crippled, though Santa Fe passenger trains are moving on time. The Baltimore and Ohio passenger service is normal; Nickel Plate freight service at a standstill and passenger trains irregular. The Chicago and Calmutt regular. The Chicago and Calumet Terminal is at a standstill. The Mich-igan Contral get out a train of 40 cars of meat yesterday. Situation improving.

The Ponnsylvania railroad announces that they have begun meving perishable freight to and from Chicago. A late report from Fifty-seventh street is that fast train No. 7 Lake Shore and Michigan Southern from New York is held there in the hands of a mob and police have been dispatched to the scenc.

The Order of Railroad Conductors, Brotherhood of Locomotive Engineers and Bretherhood of Railroad Trainmen, at a meeting held in Centralia yesterday, The Ponnsylvania railroad announces

at a meeting held in Centralia yesterday, representing the Champaign district of the Illinois Central railroad, voted to remain at work. Similar action was taken by Division 23, Brotherhood of Locomotive Engineers, at Jackson, Tenn.

There are from 2,500 to 3,000 passengers on the Chicago and Alton blocked train at Bloomington. The C icago and Alton have notified their men to report for duty at once or consider themselves discharged. If they do not report for work men will be hired in their places and open the road if necessary with the protection of United States troops.

The General Managers' association after their "neeting yesterday positively reiterated its previous line of policy re-

the leader, saw the gravity of the situa-tion and addressed the men, urging them not to molest the militia. Notwithstanding his conciliatory talk, the garding the present strike in the strongest terms that they have yet used. It is emphatically stated that there is no compromise and no surrender contemplated or possible on the part of the railroads.

CLEARING THE YARDS. United States Troops Aiding the Railroad Companies at Blue Island.

BLUE ISLAND, Ills., July 5 .- Tho four companies of the Fifteenth United States troops from Fort Sheridan for Blue Island went into camp three-quarters of a mile from the depot where all the trouble has been raised. The regulars are in command of Major Bailey of the First battalion. They were accompanied by Deputy United States Marshal John A. Logan and United States District Attorney Milchrist. The fireman on the train that pulled the regulars refused to assist in backing the train into the switch when the soldiers were disembarked. He was put under arrest by Marshal Arnold. Roadmaster James Conlon fired the engine through the switch.

Wrecking crews were brought in and the work of clearing the yards under guard of the United States soldiers was

Carroll Christ, a brickmaker, and Ed Heimos, a greenhouse man, were arrested during the day at Blue Island by Marshal Arnold and Deputy Marshal Logan for making threats against the deputy marshals. Holmes said: "I will stick a knife through the first marshal I get a chanco." The arrests were made near the general offices and were the occasion for the gathering of what would have been an ugly mob but

for the United States soldiers on guard. Robert O'Koif and J. B. Rogers, both leaders among the strikers, were also arrested for making threats. O'Keif resisted and severely pounded Deputy Marshal Kohl, but was overpowered and locked up. A large number of arrests were made, and the strikers were much incensed at the wholesale locking up of the leaders.

NOTHING DOING IN ST. LOUIS. Freight Traffic Entirely Ahandoned and

but Few Trains Are Running. St. Louis, July 5.-No attempt is made to move freight on either side of the river, and with a majority of the roads not much effort was made to move passonger trains. Up to this time there have been no acts of violence, but the explanation may be the inactivity of the railway managers,

Several roads are hiring new men, and will ondeavor to resumo sending out freight trains. If they meet with obstruction they will apply to the United States court or an injunction, and if a restraining order of the courts does not prevent interference they will eall on the president for the aid of foderal

troops. Superintendent Jones of the Missouri Pacific terminals, at Union depot, discharged six yardnīāsters yesterdāy bēcharged six yardnasters yesterday because they refused to continue throwing switches. The six men discharged are members of the Switchmen's Mutual Aid society, which, it is sald, will now order out its members in retaliation.

But one road, the Toledo, St. Louis and Kansas City, which is in the hands of a United States receiver is able to

of a United States receiver, is able to make any showing in handling traffle. All the others are tled up as to freight

and nearly so as to passenger trains.

The difficulty of handling as much business, freight or passenger, as each business, freight or passenger, as each road might with even its present force, is greatly increased by the tieing up of equipment at outlying points, and the extension of the strike to Mattoon, Ills., Brazil, Ind., Mount Vernon, Ills., Terre Haute, Princeton, Lewisville and other points not only keeps equipment from coming in, but renders it useless to send out trains, for there is no assurance that any train can get far from town. The refusals of engineers to take out trains with new firemen, etc., are growing in with new firemen, etc., are growing in number, but develop only as trains are made up. Nevertheless this movement is practically general, especially on the Trunk lines.

The strike has diverted business to the steamboats and rivermen expect that a good deal of freight will be taken out by way of the river if the trouble lasts any length of time. More local freight is being handled by the boats than for several years. The searcity of coal is, however, again being felt, as the supply along the river has almost been exhausted. The St. Louis breweries will loso considerable in consequence of the strike. The beer they have on the read not delivered will be a dead loss to them, as it will speil as soon as the ice in the cars melts. In addition it is, of course, impossible to fill new orders.

convse, impossible to fill new orders.

The milk snpply of the city is becoming scarce and a famine is in prospect.

Coal is also in light supply, while fee is decreasing in quantity in stock very rapidly. Unless the blockade is Foroken within a short time the worst possible feature of such a strike as this will make itself apparent in actual suffering by the people who are already seriously affected. Beef killing and importing establishments are shutting down; butter, tablishments are slutting down; butter, cheese, eggs and lemons are also becoming searce. Vegetables, on the contrary, are increasing in supply as this is a distributing point for hundreds of nearby truck gardeners.

No Strike at Indianapolis.

Indianapolis, July 5.—The efforts to bring on a general strike here have failed. The number reported to have The number reported to have struck has been greatly exaggerated. The railroad men here have little sympathy with the strike, and a part of those who are participating in it tell their employers that they have no heart in it. Everything is quiet, and save for the more decrowds about the points of strike, there is no excitement.

All Right at Nashville.

NASHVILLE, July 5.—All passenger trains on the Louisvillo and Nashvillo and Nashville, Chattanooga and St. Louis railroads are running as usual. The Louisville and Nashville is not running through freight trains. The first Pullman sleeper over the Louisville and Nashville road from Chicago via Nashvillo since Saturday arrived here yesterday. It was in charge of troops from Chicago to Danvillo Junction.

Cut Out the Pullmans.

HAMMOND, Ind., July 5.—Train No. 8 on the Erie road was stopped by a moli of 300 men when just over the Indiana line. Two Pullman cars were cut off and the engineer ordered to go ahead, which he did. Sheriff Frederick had none of his deputles at hand and was nuable to do anything alone. He afterward sent a message to Governor Matthews asking for the militia.

No Freight Trains Moving.

Brazil, Ind., July 5. All of the switchmen on the Vandalia are out and no freight trains are being moved. Superintendent Broughton of the Columbus and Eastern Illinois telegraphed Trainmaster Fowler that two crews of nonunion men would be sent to this city to move the passenger train that has been standing at the depot since

Yards Cleared of Passenger Trains.

DECATUR, Ills., July 5.—More Wabash trains went out of Decatur yesterday than any day since Saturday. that have been here since Sunday were gotten out and the yards are now clear of blockaded passenger trains. Tho strikers are still determined and have lost none of their men.

Mail Train Tied Up.

LAPORTE, Ind., July 5.—The Lake Shore and Michigan Southern was tied up here last night. Number 11, westbound fast mail, is sidetracked here, unable to get through. She has two coaches of new employes, and on their account is afraid to proceed further.

Helleved to Be Insane.

MADRID, July 5.-The man who made an attack with a dagger on the Marquis de Cuba, one of the leaders of the recent Spanish pilgrimage to Romo on Monday, is named Perez. Ho was one of the pilgrims who recently returned from Rome and is believed to be insane.

Shed Falls on a Crowd of People.

HINTON, W. Va., July 5.—The shod awning in front of the Parker Opera House fell in yesterday. A big crowd was assembled beneath it, and one boy, Newton Mann, was instantly killed. Two others will die. Seventeen moro were seriously injured.

It Was Asiatio Cholera.

STOCKHOLM, July 5.—An inquest upon the body of the man who died here of a disease supposed to be cholera shows that it was a case of Asiatic cholera. The man arrived here from St. Petersburg en board the steamship Dobeln.

COMMONWEALERS CELEBRATE. The "Goddess of Liberty" Hurled in Front

of the Capitol. Washington, July 5.—The Coxey commonwealers went through the speetacular performance of burying tho "Goddess of Liberty" in front of the Capitol yesterday. It was the sequel of the demonstration of May 1, when, ac-

was mortally wounded and lingered until she expired on the Fourth of July.
Captuin A-stin and a force of 10
mounted and 26 unmounted policemen were on hand with two patrol wagens. A small crowd was attracted by the

cording to Coxey and Browne, liberty

novel performance. The commonwealers marched four The componwealers marched four abreast, 246 strong, with many banners and devices. At their head rodo Carl Browne in a removed and his face beard had been removed and his face powdered. A wig of yellow hair fell to his waist. His arms were bare and powdered. A liberty can was on his head and dered. A liberty eap was on his head and his body was wound with the emblematic garnents of liberty. It was not intended that Browne should be known in the disgnise, ndithe name of the Goddess was announced as "Sarah Elkhart,

an Egyptian." After parading through Pennsylvania avenue, the army formed company front around Peaco Monument, where Goddess Browne delivered an apostrophe to the bronze Goddess on top of the Capitol. As he closed his address, he flopped in a badly simulated swoon from his horse, and his comrades eatching him placed tho palo faced marshal in an improperty hearse, and loid him at an impromptu hearse and laid him at full length with flags and erepo over him. The hearse was inscribed "Liberty is Dead." The procession then moved away to Mulligan Hill, where the Goddess stopped from the hearse and the commonwealers closed the day with dances and specehes.

EX-GOVERNOR WINANS DEAD. Michigan Loses One of Her Recently Chief Executives.

HAMBURG, Mich., July 5.-Ex-Governor Edwin B. Winans died at his home here at 4:30 o'clock yesterday afternoon of heart disease. While deceased has not been in good health for several months the attack which proved fatal was sudden and of short duration. Two physicians who spent the night with him had expressed grave fears of the

Mr. Winaus was born in New York state in 1826 and was a resident of Michigan since 1834, with the exception of eight years spent in California in the '50s, since when he has been a prominent farmer of Livingston county. He had always been a radical Democrat, and, besides his term as governor in 1891 and 1892, served as member of congress and of the state legislature. His adminall and the commendation of his con-stituency quite generally regardless of everything broathes a spirit of trouble. polities.

COLD BLOODED MURDER.

One l'rominent Man Kills Another on the Mere Matter of Suspicion.

IRONTON, O., July 5.—About 6 o'clock yesterday evening the village of Hanging Rock, three miles below this city, was the scene of a cold blooded murder. The victim, Joseph Gentle, a laborer, aged 23, and single, was shot through the heart and almost instantly killed by John Cannon, a respected citizen of the village, who suspected Gentle of being

intimate with his wifo. The shooting occurred on the river bank, within a few yards of the dead man's honse. The weapon used was a 38-caliber revolver and the murderer fired three shots, only one taking effect. Cannen fled to the hills after the shooting and has not been captured. It is generally believed that he will suicide in the hills. Cannon is 45, married, and has a family.

NOT BEFORE MONDAY.

Nothing Will He Done in the Senate Any More This Week.

Washington, July 5.—It is the general understanding that when the senate meets tomorrow there will be only a brief session and that the senate will then adjourn until Monday. It is quite probable that there will not be a quorum in the senate again this week.

The resolution of Senator Kyle, introduced at the request of the striking railroad men is regarded as sure to causo dehate, and senators who expect to speak on it understand that it will go over until Monday. The resolution will cause some very tart debate in which Senator Davis of Minnesota will take a leading part, following the line of his telegram to McInnis at Duluth, in which ho said he would not support the Kyle resolution.

One Hundred Peop'e Drowned.

Buda-Pestn, July 5 .- A terrible drowning disaster is reported from Mad near Tokay, in northern Hungary. A ferryboat which was crossing the river Thiess near the town mentioned was capsized with 200 people on board. It is reported that about 100 of the passengers were drowned.

Two Children Drowned.

ERIE, Pat, July 5.—During a high gale yesterday a sailboat containing Frank O'Muth, wife and three children was capsized. O'Muth managed to get his wife and children on top of the upturned boat, but Nellie, aged 9, and Willio, aged 4, were swept off and

Mother of Boulanger Dead.

Paris, July 5.-The mother of General Boulanger, who committed suicide on Sept. 30, 1891, in the cemetery of Ixelles, near Brussels, on the tomb of his mistress, Idme. De Bonnemains, is dead. The late Mme. Boulanger was 92 the sea and were drowned.

IN CHINA AND JAPAN

The Usual Number of Disasters Have Occurred.

BIG FIRES AND EARTHQUAKES.

Over a Thousand Houses Burned and Sevcral Thousand People Are Homeless and Destitute - Twenty-Six Persons Killed and Many Others Injured by the Earthquake-Other Oriental Happenings.

VICTORIA, B. C., July 5.—The steamer Victoria brings the following advices from China and Japan:

On June 17 the village of Honniura, adjoining Yokohama, was destreyed by fire, upwards of 1,000 houses having been consumed, and three days afterward the heaviest earthquake experienced in Yekohama and Tokio sinco 1880 occurred. In both places there has been loss of lives and great destruction of property.

The fire started in a restaurant and for three hours spread with great rapidity. A desperate fight was made to stop it, and was mado successful through aid of men from her majesty's steamship Century. The loss amounts to hundreds of thousands of dollars and several thousand people are homeless and desti-

Tokio's loss of life by the earthquake is severe, 26 ersons having been killed and many wounded, the number of the latter not being known. Casualties to property of one kind or another are in the hundreds. The destruction on the whole of chimneys, roofs and buildings has been very serious. Fortunately the catastrophe took place by day instead of night, or fire would have added horrors.

The Plague Decreasing.

The officers of the Empress of China say when they left Yokohama the plagne was decreasing. Although the ship touched at all Chinese ports she brought no Chinese passengers as a matter of precaution. When at Houg-Kong thousands of coolies were leaving therefor Canton and other ports. for Canton and other ports. The city is in a measure described and looked described. Foreigners there are still free from disease and do not show any nlarm. The official report for Hong-Kong says: Deaths from the 5th of May up to the 11th of June, noon, 1,461; grand total,

The Corean Trouble.

Corea, alarmed at the movements of her neighbors, plends that both withdraw their troops from her shores and warships from her harbors.

The plans of Japan are secret and as fast as native papers make any anistration as gevernor, while conservative nouncements about the war they are and economical, gained the respect of suppressed. Her navy is at its best, the

A cablo received from Yokohama announces that on June 13 the government army defeated the Togakito, recovering Senshu, the commander of the government troops being captured by the rebels, but his life so far has been spared.

The Japanese warships are at present in Corean waters with Latsuchina, the coast defenso flagship; Yaoshino, Yunato, Misashi, Takaeo, Chyada and Tsnkishikan, cruisers; Agaki and Choaikan, gunboats, and Yueyanakan, dispatch

The Japanese army, which landed at Juenichan on June 12, has divided into two divisions, one being left at Juen-ichan to protect the Japaneso thero, while the other division of 1,200 proceeded to Scal on the 14th to protect the legation and Japanese there. When later news reached Pekin, an nrgent telegram was sent to the viceroy from Minaveryuan. The viceroy inspected all the troops under him and ordered them to prepare for departure.

A telegram received on the 19th at Tokio from Shanghai reads: "There is a rumor that registration of the vessels of the China Merchant Navigation company will be transferred to Germany.' If the rumor is true and the vessels have been transferred to the registration of other powers it may be concluded that China has taken the step toward military preparation.

STATE OF SIEGE IN BRAZIL.

It Still Prevails, According to a Dispatch to the New York Herald.

New York, July 5.—The Herald's special dispatch from Buenos Ayres says; A correspondent in Rio Janeiro sende word that the state of siege still continues throughout the republic. The members of the chamber of deputies demand exemption from the provisions of the proclamation. All of the Brazilian federals on the frontier of Uruguay have crossed into Rio Grando and well john the rebels.

Commissioner Eddee has had another interview with the government officials. Ho recommends that commercial relations with the United States be attended. He will go to the United States to purchase telegraph material on account of the gevernment.

The national troops of Argentina have been ordered to the frontier to prevent a violation of territory by the Brazilian

The memorial funeral ceremony of President Carnot of France was held Tuesday by the French residents. There was a grand procession in the principal street, which blocked traffic.

EAST ROCKAWAY, N. Y., July 5.— Three New York business men were drowned at Hays island inlet yesterday. Their names are: John Mourer, Charles Mourer and John Smith. They were on the sloop Gazelle. The boat suddenly capsized, and the three men after clinging to it for a while tumbled into

The members of the Mason County Democratic Excentive Committee are requested to meet at County Court Clerk's office, Monday, July 9, 1894, (County Court day), at 2 o'clock p. m., for pnrpose of determining mode of selecting delegates convention, to be held at Augusta, Ky., July 25, 1894; and for the further purpose of determining the propriety of making nominations for Justices of the Peace and Constables, and tixing manner of nominating a Democratic candidate J. N. KEHOE, Chairman. for Coroner. J. C. LOVEL, Secretary.

Fair weather; slightly warmer.

HOT SHOT.

The Cincinnati Daily Enquirer has very little to say nowadays in defense of the administration and the Democratic party, but the Weekly Enquirer puts in some good licks.

Congressman Boutelle, of Maine, said in prostrated by Democratic blight," and the was terribly reduced in the following.

Weekly Enquirer replies in the following. Weekly Enquirer replies in the following vigorous language:

1. President Cleveland during his first term was confronted with an overflowing treasury and he urged upon Congress a neccessary taxation was unjust and that all money not needed for an economical administration of the Government should | ting season. be left in the pockets of the people, and of business and trade.

2. He (Bontello) knows that when reported to be especially abundant. Harrison became President, by reckless and extravagant appropriations, the treasury was emptied. "To h-l with the surplus," was the watchword of Bontelle and his party,

3. He knows that the leaders of the Republican party insisted that heavy

taxation brought prosperity.

4. He knows that when the Republican party, under the leadership of Harrison, was restored to power the large manufacturers, the corporations and trusts, the beneficiaries of a high tariff, were invited to construct the tariff schedule in their interests and for their profit that Boutelle aided in putting the Me-Kinley bill upon the statute book.

5. He knows that the outrage upon the rights of the people was perpetrated under the false pretense of protecting American labor and giving better wages

to the producing classes. 6. He knows that the wages of labor were reduced in every protected industry, and that strikes and lockouts have been the order of the day ever since, and that to-day millions of men are unable to obtain remunerative employment, and that the armies of the anemployed are crowding every highway, threatening the public peace and the safety of life and property.

7. He knows that the Democratic party was in no way responsible for the calamities which befell the country, and that it was so understood by the immense majority which voted Harrison and his party out of power.

8. He knows that the Democracy has been delayed in correcting the abuses which has brought us to the verge of universal bankruptey by the parlia-mentiary tactics of the old, foxy politicians, who are in the service of the trusts created by them.

9. Knowing all these facts, it does not seem possible that any man can read the lying allegations of such demagogues with any feelings but those of loathing and disgust.

A rew years ago cofton seed were considered as so much waste, and there was no means of utilizing them. But a short time has brought about a wonderful change. Last year over 500 cotton seed mills were operated in the South, and these mills exported during the year cotton seed to the value of \$41,033, oil cake and meal valued \$6,684,200, and oil to the value of \$5,203,675, and in quantity over 5,000,000 pounds of seed, over 600,-000,000 pound of oil cake and meal, and nearly 13,000,000 gallons of cotton seed oil. About one and one-half millions of cotton seed, which a few years yers ago was a waste product, were reduced to oil meal, lint and hulls during the year, yielding over \$18,000,000 to the farmers, and adding about \$40,000,000 to the wealth of the country.

WEEKLY CROP REPORT.

Conditions Favorable, Though There is Some Complaint of Lack of Rain-Fine Wheat Yield.

The past week has shown no abatement in the high temperatures reported in sevcral previous bulletins, the average for each day having been several degrees above the normal, with maxima temperatures of 90 or more. The prevailing clear weather has resulted in a large excess of sunshine, many sections of the State reporting absolutely cloudless weather for the entire week. The rainfall came mainly in the form of local thunder storins, which appear to have been most frequent in the northern and central counties of the State. In places storms were accompanied by tremendous downpours of rain, while in other sections only light showers fell. It is estimated, however, that fully one-half of the area of the State was visited by rain during the week. Violent wind storms with hail are reported to have occurred on the 26th in many parts of the State, and considerable damage to crops, buildings and fences resulted from them in many localities. The conditions described have, upon the whole, been favorable to crops, though there is quite a general complaint of lack of sufficient rain.

The wheat harvest is virtually over, only a few fields remaining uncut. Threshing is in full progress and the yield is almost universally reported to be fine, both as to quantity and quality. The storms of the 25th damaged the grain in the shock in some places in the central counties. Complaint of injury from black rust is made from Montgomery and Henry counties.

Oats are heading out low, but are somewhat better than they were last week. All indications point to a light

Meadows and pastures look better in to represent the county in the Appellate Court | the sections where rain has fallen, but are very short in other places. Generally speaking their condition is below the Peed. iverage, and the hay crop promises to be lighter than that of last season.

Gardens have made quite a considerable improvement during the week, though they would be greatly benefited by rains. Late potatoes are reported to be exceptionally fine. Sweet potatoes are also making excellent progress.

Corn continues to improve, and nearly all reports are agreed as to its fine condition. Some few correspondents report that it is suffering from lack of rain, but these represent but a very small portion of the State. Rain would undoubtedly benefit the crop, however, particularly that portion of it planted upon high ground.

Tobacco, while still very backward, porting a good stand, while others state that the prospect is very discouraging. Its condition appears to be better in the northern and central counties than in Bitters and seven boxes of Bucklen's other sections. The season has thus far reduction of taxation, insisting that un-necessary taxation was unjust and that principal trouble being the lack of five fever sores on his leg, doctors said he heavy general rains to make a good set- was incurable. REGULARS VS. OLYMPICS.

Wednesday's Game Resulted in a Score of 17 to 10 in Favor of Maysvilie's Crack Team.

Several hundred people went out to the fair grounds on the Fourth to see the game of ball and the races. The races were not in it, however, after the boys commenced batting the sphere.

The Olympics put forward the following team at the start:

Catcher-Elmer Rudy. Plteher-T. Moore. First base-Waldo Hamilton. Second base-Frank Purnell.

Third base-Phil Triplett. Short stop-Stanley Nolin. Right field-Simon Crowell. Center field-Charles Crane. Left field-Mart Wilson.

The Regulars opened with McDaniel in the box, Lloyd behind the plate, Helliday at first, Captain Davis at second, Wadsworth at third, O'Dennell as short stop, Wells in right field, Hill in center and Cake at the left.

The Olympics put up very geed ball considering the fact that it was the first time the team had ever played together. Moere's pitching was a little wild at times, but his arm was sore. He was finally taken out of the box and Nolin was substituted, and gave the Regulars the hottest he had in the box. In the out field, Wilson did splendid werk all along for the Olympics, and Crane made one of the most difficult catches of the

The Regulars never had the outfield better taken care of. Wells and Cake made any number of good catches. Wells deserves special mention for his extra good work. The rest of the Regulars sustained their excellent reputation all through, except in the seventh inning when for seme reasen or other, they allowed themselves to get badly rattled. This tickled the crowd immensely, and they added to the temporary discemfiture of the Regulars by their shouts and jeers. The crowd was with the Olympics all along and wanted to see the Regulars knocked out, but in this they were disappointed.

The game opened with the Olympics at the bat. Rudy sent a fly to center which was promptly taken in by O'Donnell. T. Moore hit a grounder to center and reached second. Hamilton lined one to left and made second. Wells threw home to shut off Moore but Lloyd didn't stop it and Moore scored. Hamilton reached third and scored on Purnell's strike to right field. Purnell tried to make third on his strike but didn't succeed. Nolin went out on a fly to center which was taken in by O'Donnell. The Regulars of this city. made a bad start. They never saw the first base. Captain Davis struck out. Wadsworth sent one to his knee and quit. McDaniel struck out, and the Olympics again tried their hand at the

Crane hit to left and never reached first Wilson sent a high one to left which was taken in by Cake. Crowell reached second and tried to make third on what he considered a balk, but Mc-Daniel sent it to Wadsworth and Crowell retired, and the Olympics got a goese egg.

Hill was given base on balls, Heliday was hit and took first. Hill stole to third and scored on Rudy's wild throw scored on Lloyd's grounder to right. the window at Ballenger's jewelry store. Wells followed with a grounder to left, and Lloyd scored. Captain Davis hit a little one to Pitcher Moore and went out. and Ohio road for the third week of June The inning closed with three runs to the Regulars' credit.

In the third inning, Cake's catch of Rudy's fly was one of the fine plays of the game. Ho had to take it in on the

The Olympics were soon retired. Hlll opened for the Regulars with a three-bagger. The Regulars had got on to Mooro's curves and they slugged him unmercifully in this inning, piling up seven runs.

The Olympics couldn't do any good at the bat in the fourth. Hill and Wells took in two flies in succession and the Olympics third batter was struck out. They then put Nolin in the box and Purnell befind the plate and retired the Regulars after one run was scored.

first base. The Regulars got in one run, bly, and no shoe is more widely worn. McDaniel making it by a shave. The Olympics didn't do any better in the sixth. McDaniel struck two out, and new players. Two of the new men, Horn-Hamilton hit a short one to Davis and berger and Curtis, are pitchers, and are circuit.

grand rally and had the Regulars badly Heidleman, who will play second base. rattled. The Olympics did some fino batting, and succeeded in getting eight men over the plate. The Regulars got in dicted William McNamara, Tim Mahar, only one run.

to the field. The Regulars scored another and egged Rev. Taulbee.

run in the eighth. The game closed with 17 to 10 in their favor. Inulngs.....

To-morrow afternoon, the Regulars will ply the Cincinnati "Gyms," one of the best amateur teams in the Queen City. The "Gyms" defeated the Cynthianas Tuesday, and play Paris to-day. Go out to-merrow. The game will undoubtedly be one of the best of the seasen.

KELLEY AND HIS HOBOS.

Maysville Visited by Another Detach ment of the "Industrial" Army. Sent on Their Way.

"General" Kelley and his army of tramps numbering about 600 arrived last evening about 6:30 o'clock. They were quartered on a barge in tow of the F. J. O'Connell.

The O'Connell left Cincinnati the night before at 8 o'clock and was all night and all yesterday making the run here.

The steamer tied up on the Ohio shore a short distance above Aberdeen, and the tramps were soon busy preparing supper over a number of fires on the beach.

Aberdeen was overrun by the tramps begging something to eat, and detachments were sent over to this city on a similar errand. About twenty of them were run in by the police. They sent word to the "General," and Kelley came over and got them out.

On the order of Mayor Cox, the party was then given a lot of provisions and were sent back to the boat with orders to keep away from Maysville.

The O'Connell resumed her trip at 5 o'clock this morning. The Cincinnati authorities paid her owner \$200 to take the crowd as far as he could fer that sum.

FOURTH OF JULY FIRES

Great Destruction Done at Several Different Places.

OVER A MILLION DOLLARS LOST

Hndson, Massachusetts, Almost Completely Destroyed-Large Business Houses, Factories, Postoffice and Forty Dwellings Burned-A Texas Town Wiped Out of Existence-Fire Losses Elsewhere.

Hunson, Mass., July 5 .- Shortly before 4 o'clock yesterday afternoon the mest disastrous fire this section of the country has ever seen broke out in Chamberinin's shoe factory, on Woods square. When discovered it had gained considerable headway, and with a strong wind blowing the flames seen went be-yond the reach of the local firemen and spread with wonderful rapidity, the faetory being burned to the ground within half an hour.

One cause for the rapid spread of the fire is as igned to the explosion of several barrels of naphtha and oil used in the shoe business. Within an hour the flames had spread to the Union depot, the public telephone office and Higgin's shoe factory. The firemen were perfectly helpless and assistance was summoned from surrennding eities and towns. The postofilee, with its contents, was totally destroyed and the loss in this department can not be fixed. It is known, however, that several registered packages arrived on the morning mail and were not delivered on account of the holiday.

Forty dwellinghouses were destroyed, together with their contents. The firemen worked with a will, but their efforts seemed to be in vain, and it was finally found necessary to blow up a number of houses to save the entire town from destruction. The loss is estimated between \$750,000 and \$1,000,000, and it is said to be mostly insured. The Boston fire department also assisted.

Fireworks Stores Destroyed.

New Haven, July 5 .- A general alarm of fire was rung for a fire in the big eity market last night. The fire was caused by an explosion of fireworks in one of the stores. The market was a large 2-story building, formerly used as a depot and was 300 feet long. The explosivo nature of the contents of the store made it impossible to cheek the flames and in a few minates another fireworks store on the opposite side of block took fire and soon both stores were completely destroyed. Over 50 merehants suffer the complete destruction of their stocks and the damage is estimated at from \$100,000 to \$125,000. The insurance is on-y partial.

Block of Bulldings Hurned.

SYRACUSE, Neb., July 5.-Fire yesterday destroyed a whole block of business buildings, causing a loss of \$50,000. The flames started in the store of Pohlman Brothers from unknown causes. The buildings destroyed include Pohlman Brethers, D. Lewis, E. G. King's, George F. Snyder's, Helen Rissers, F. A. Reuters, Joyeo & Bell's, D. L. Hill's, Herman Hente's Jonas Sugden's and Frank Ireland's. The insurance only amounted

Michigan Village Hurning.

DETROIT July 5 .- A special to The Tribune from Traverse City, Mich., says: A big fire is raging in Kingsley, threatening the destruction of the entire village. It was started by fireerackers A strong wind is sweeping the flames through the town. The mill property will go, and the loss will amount at least \$50,000.

Distlliery Hurned.

NICHOLASVILLE, Ky., July 5.—Fire last night destroyed E. J. Curleys & Company's No. 15 distiliery, at Camp Nelson, and all the buildings on the west side of the pike. Loss, \$50,000; insured. No. 15 had been shut down since June 1. No whisky burned.

Texas Town Destroyed by Fire.

Dallas, July 5.—Fire. originating in an explosion of fireworks, destroyed the greater part of the town of Honey Grove yesterday. Loss about \$200,000.

EZETA'S CONFIDENCE.

He Does Not Think the United States Government Will Surrender Him.

NEW YORK, July 5 .- A World San Salvador dispatch says: A rumor has been current here since Sunday that Captain Thomas of the United States warship Bennington advised the government that Antonio Ezeta was at its disposition, but that the agent at La Libertad, on going on board the Bennington, was informed that thus far no orders had been received from Washington.

The officers of the ship refused to talk for publication, but Ezeta said that he was confident he would not be surrendered. His friends were already at work in Washington trying to convince the United States government that he is not guilty of the offenses as charged, as he has acted only under orders of his government. His friends would show tho Washington government that Gnatemala is behind Gntirrez, who, it was certain, would not give him a semblance of a fair trial, as his (Ezeta's) death had been decided upon by Barrios, Bonilla and Gutirrez in order to satisfy their private vengoanco.

IRON MINERS UNDER CONTROL. Michigan's Milltla Restore Peace at the Gogebic Range.

IRONWOOD, Mich., July 5.—Three companies of national guards arrived by special train from Calumet, Honghton and Marquette under command of Colonel Thon. Three hundred and fifty men are now under arms, and it is believed these, with the Menominee company, which is hourly expected, will be able to restrain the striking Gogebic iron miners from further acts of vio-

The Finn, Pole, Austrian and Italian strikers threaten to fire on the militia if an attempt is made to run the steam shovels with nonunion men. The lawless element number fully 1.000.

KENTUCKY BAPTISTS.

Interesting Figures Showing the Progress of Their Work Throughout the State.

The minutes of the State Baptist Association have just been issued under supervision of Mr. B. W. D. Seeley, from which the following interesting statisties are gleaned: Number of churches, 1,585. Increase in membership,-By baptism. 8,596; by letter, 4,108; by relation, 585; restored, 641. Decrease-Given letters, 4,697; by exclusion, 2,092; by erasure, 656; by death, 1,612.

The tetal membership is 157,847.

The church has 678 Sunday schools, in which officers and teachers number 3,627 and scholars 37,650. Conversions in schools were 1,395. Contributions in schools amounted to \$11,012.33.

The church preperty in the State has a seating capacity of 209,675 and is valued

The reported contributions of the year are: State and district missions, \$18,626,-54; home missions, \$11,208.18; foreign missions, \$13,885.59; Ministers' Aid Society, \$12,313.07; Orphans' Home, \$14,-

Great Game of Base Ball To-morrow.

The best game of ball this season will probably be played to-morrow by the Cincinnati Gymnasum Club, one of the best amatuer teams in the Queen City, and our Regulars. Every lover of the sport should be on hand and cheer our boys on to: (victory. They are playing good honest ball and deserve all the patrouage that Maysville can bestew upon them. Go out if you wish to see the best game played here this season. Gaine will be ealled at 2 p. m. sharp. Powell, Manager.

MORE TROUBLE AT COUER D'ALENE. Nonunion Men Captured and Carried Off by a Masked Mob.

WALLACE, Ida., July 5.—Seventy-five masked men frem Burke entered the town of Gem and seized and bound Superintendent Oneil and Foreman Summers of the Gem mine and Frank Higgins and Frank West, nonnnion miners. The mob started to the blacksmith shop where John Nebo was working, Nebo saw them coming and sprang through the back window. In motion instantly, and his body rolled down the hill.

The leaders of the mob held a short consultation and gave the signal to close in around the prisoners, who were then marched over the range toward Mon-When word reached Wallace many deputies were sworn in and citizens joined their organization. They are now in pursuit of the mob. Tho trouble is a revival of the fight of 1892. Union men have made frequent threats to drive all ronunion miners out, and a few weeks ago fixed June 17 as the date nonnnion men must leave the Couer

D'Alene regions. HE WILL BE GREATLY MISSED. Death of James Sullivan, Political Editor of the Chicago Tribune.

CHICAGO, July 5.-James Sullivan. political editor of the Chicago Tribune, died suddenly yesterday afternoon in about \$125. the rooms of the Newspaper elub. Death resulted from heart disease or apoplexy. Mr. Sullivan had been in unusually good spirits during the afternoon, the greater part of which he had spent at the elub, of which he was the president and which he had helped to organize during the

Ho was considered the best posted man on the political situation in the city among his fellow reporters. He was also prominently identified with the cause of Irish liberty, and at the time of his death was hard at work trying to get contributions to the Irish

parliamentary fund. Soldiers' Monument Dedicated.

CLEVELAND. July 5.—The Cuyahoga soldiers' and sailors' monument, a typieal American structuro, an unconventional work of art with an infinite variety of detail which breathes the atmosphere of war and betokens the most painstaking research, was dedicated yesterday amidst the plaudits of thousands of enthusiastic people.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live bet-ter than others and enjoy life more, with iess expenditure, by more promptly adapting the world's best products to the needs of physical being, will attend the value to health of the pure liquid laxative principles embraced in the

remedy, Syrup of Figs.
Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually eleansing the system, dispelling colds, headaches and fevers and permanently euring constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50e and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Not a Democratic Lie.

The Fleming News says: We do not lutend that anybody shall think that the charge that Sam J. Pugh proposes to corrupt the voters of this district is a Democratic lle. It is boldy announced that such is his intention. He represents that party, too, that prates of "honest elections," Are the people willing to to uphold a man who openly announces his purpose of debauehing the ballot? Here is a clip-

plug from the Bath County Banner, Republican, edlted by a man who once aspired to he School Commissioner of his county:

Commissioner of his county:

"I regard Pugh as the most available candidate that went before the convention, not that he is better qualified to go before the people and discuss the political issues in a bolder, clearer, stronger and more plausable mauner than Gudgell, nor because he is a more pleasing orator. But while Pugh is his equal on the "stump," his "pocket eloquence" is "out of sight." If carries in an old pocket-book in his left hand breeches pocket more enthusiasm than all the other caudidates could draw to the surface with their tongues and pens, labor they never so hard."

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castorla. When she became Miss, she clung to Castorla. When she had Children, she gave them Castoria.

THE horse race at the fair grounds vesterday was won by Mr. E. H. Martin's Stove Polish. Mr. Jesse Williams of Fifth ward won the bicycle race. The gate receipts of the day amounted to
